*“Players strive to become **Ruler of the World** by establishing and leading a civilization from the dawn of man into the space age, waging war, conducting diplomacy, discovering new technologies, going head-to-head with some of history’s **greatest leaders** and building the **most powerful empire** the world has ever known.”* (source: www.civilization5.com)

Civ VI: Techtree

Civ as a-political project

“[O]ne of our fundamental goals was not to project our own philosophy or politics onto things. Playing out somebody else’s political philosophy is not fun for the player”

~Sid Meier (2016)

Take-away points

- There are major issues with heritage representations in interactive media, Civ and its wonders being a “great” example of this.
- Interactive media have great potential for creating impactful heritage experiences, Civ and its wonders being a great example of this.
